

# HVIA STATE COMMITTEE MEETINGS

*Making the most of your HVIA membership*

## A MEMBER ONLY EVENT

The State Committees have been established to provide an opportunity for members to engage in discussion and decision making on a range of topical issues currently affecting the industry such as Government advocacy, technical and regulatory information and workforce development initiatives.

### The objectives of the State Committees include:

- Provide a forum to disseminate information to HVIA members
- Provide opportunities for HVIA members to be involved in topical issues in a structured forum
- Provide a forum for HVIA members to raise issues or to formulate policy suggestions in an open and transparent manner
- Increase communication flow between HVIA and its members
- Provide a networking forum for HVIA members to meet and engage with each other

### State Committee Meetings:

Held in the major capital cities 3-4 times per year

Chaired by at least one HVIA Board Director

Include an industry stakeholder as a guest speaker to present and provide insight to a current industry issue.
