

# HVIA MEMBER SERVICES

*Making the most of your HVIA membership*

## **TECHassist** technical and regulatory support

A critical and valuable member service that HVIA provides is unbiased and confidential assistance in many of the following circumstances:

- Interpretation of: Vehicle technical regulations – ADRs, VSB 6, JIS, FMVSS, ECE
- Australian Standards
- PBS requirements
- Operational requirements or standards (e.g. dangerous goods vehicles)
- NHVR and State regulations

### **How does it work?**

HVIA utilises its contacts with regulators to assist in overcoming red tape such as a delayed certification application or vehicle standards exemptions.

**TECHassist** is a **free service** to HVIA member companies and can save you time and money, avoiding unnecessary back and forth with regulators, and avoid unnecessary rework for you and your client.

**All inquiries treated confidentially.**
